It was reinforced by the Dean and VPI that what it being searched is dialogue within the department of how they are going to improve and increase student success. Examples of the dialogue may consists of implementing more stories that can relate to the diverse student population. Thus, the college overall will be able to utilize these stories in explaining the institutional effectiveness.
(Kashima, Hay)

4. Data needs

How are we going to capture the goals, research, and data? (Sandford)
This will require SLAPEC to work with the Student Success committee.
When the dept. looks at the data, then the dept. can provide recommendations to the college. (Chair)

5. Handbook

Some SLAPEC committee members feel that faculty may not have a clear understanding about the PR questions. Thus, it was recommended that there should be an updated handbook that appeals to multiple modes of learning styles. (Johnson, McGinley, Sandford, Mathieson)

6. Misc.

It was recommended that there should be Flex Day events to help work with instructors about the new changes for the PR and SLO assessments.
Needs to reach out to Michelle Francis, Flex Day committee chair.
